Parents Welcome!

Tuesdays 3:30-4:30pm **Kids Rock/ Lawson 3rd-5th-** Little Kids Rock empowers and inspires youth using a revolutionary new teaching method called “Music as a Second Language” (MSL). This student-centered approach to music education teaches children to play the popular musical styles that they know and love.

Tuesdays 3:00pm-4:30pm **Little Bits**-Do you have an idea for a machine that could change the world? Are you a builder who wants to make things move? Are you an engineer who needs a new platform with which to create? Little Bits is for inventors, creators, brave risk-takers, who are motivated to build something that will make the world a better place. Using recycling and magnetic circuits (a.k.a. Little Bits) you can create the invention of your dreams. Mr.Wood

Tuesdays 3pm-4:30pm **STEM 3rd-5th** This club will focus on women in STEM and the impact they have made and will continue to make in the future. Students will experience the background of what coding really means, how to implement ideas to benefit the future and the different ways coding is prevalent in our society today. We will also explore 3D printing and how much it can impact our education both now and in our future jobs in society.

Wed 7:15am-7:45am **Violin/Viola** with Ms. Lawson

Wed 3:00pm-4:30pm **Trolls & Fairies, Swords & Songs- K-2**
Instructors from the Fine Arts Center: Jareth Spirio and Carmen Vreeman his playful class will have your young performers immersed in creative play around the themes and stories of fairies and trolls. Very basic swordplay will be introduced with pool noodles to help tell our stories and every week a sweet song will be learned too,

Spring Break Camp- “FARM, COOK, MAKE!”

March 25-29

\$150.00/week or \$30.00/Day

Scholarships Available!!

Come join us this spring break with Arts 14 for a morning at Flying Pig farm, an afternoon in cooking class making your own delicious lunch at the high school and finally ending our day at the Manitou Arts Center to join Concrete Couch in making your very own lantern for the lantern parade!

Spring break at flying Pig farm can offer a unique experience for those in 3rd-8th grade. You will have the opportunity to explore the outdoors & learn the importance of all the birds and the bees and the native species to this region. Come play in the dirt, show husbandry skills to animals, plant some seeds to watch grow and so much more!

After the farm we will all hike up to the high school to take our new knowledge of locally produced food & prepare a delicious & nutritious meal together. In a time where cooking has become a secondary thought to many of us during our days, we are excited to share some of the value in cooking together and the skills that it can offer. Cooking as a team can be easy and can be so much fun!

After we eat and clean up lunch, students will have the opportunity to take a bus down to the MAC (Manitou Arts Center) and work with a local art/construction group, Concrete Couch to create their own lantern. Drop off is at Flying Pig Farm off of Keithly Road at 9am and Pick up is at The Manitou Art Center 515 Manitou Ave at 3pm.

Week-long or Daily registrations available. Anyone wanting Daily registrations **MUST ALSO REGISTER FOR MONDAY** to get the safety training for the week.
